What was wrong with the appearance of the appealing and attractive website Larry had created? The basis for the necessary information was there in a clear format. Why recreate the wheel? Big waste of time ....

absolutely I do miss that mountain too. I will add it to the homepage and also clean up the text. I will keep my eye on the other organizations too, and look for our biographies when they appear on the Albuquerque site, I did get a letter from them, asking for bios and pictures. I would not want to give the appearance of favoring the Albuquerque organization, so when all of the organizations are balanced, or when we can paint a balanced picture of the state that would be great. Please expect to see at least some progress on our website by the end of next week. Thank you both!!

Hi, Chip,

Great day of students yesterday and now a couple comments of [pmtnm.org](http://pmtnm.org). I am sure that you weary of hearing from me.

I put in [pmtnm.org](http://pmtnm.org) and have a list of 3 items, inc. ABQ members directory. They are a separate unit of PMTNM and they have their own website. I don't recall if they were on the old website. We have 4 legal local associations in the state and I don't know if they all have websites. I will check into this.

Half of that text should be deleted or made bullets, as I think you did in one place. My eyes start to "swim" and I think there is some duplication.

Picture of mts on home page is always a favorite.

Do we have the previous website somewhere for my review of content?

Thanks for your help!

Sharon
